I have used the original list supplied by referees to the NRP in 2006. Some referees have since changed: their institutions; their status having been promoted or gaining doctorates; and it should be noted that the Christchurch College of Education is now part of the College of Education, the University of Canterbury.

In addition the NRP NZARE sub-committee consisting of: Professor Clive McGee (independent chair); Dr Airini; Ms Anne Elliot; Dr Shirley Gillett; Dr Joanna Higgins; Dr Colleen McMurchy-Pilkington and Drs Lynne Whitney and Richard Smith (co-convenors) also had an overseeing role in terms of quality assurance for each of the reviewers' reports of the papers submitted.
