NZARE ANNUAL GENERAL MEETING

The NZARE AGM will be held at our conference on Tuesday 26th of November at 12.45pm.

Elections

Nominations close at 12 noon on Monday the 25th November, but we would appreciate receiving them before this time to allow time to prepare materials for voting.

AGM Agenda

Will be shared next week.

Nominations for NZARE Council

Nominations are invited for open council positions. These include all positions where members have served their two year term and are therefore up for renewal.

There are two positions available, Secretary of the organisation and one general role. Those members appointed to these roles will be expected to take an active role in growing and strengthening the organisation.

How to Nominate Someone

If you wish to nominate someone for one of these positions, please download and complete the nomination [form here](#). You will need a nominator, a seconder, and the signature of the nominee. To enable members to fairly judge when it comes time to vote at the AGM, please provide a paragraph on the nominee's skills and strengths applicable to the council position. A current photo would help members identify you and would also be used for updating the website.

Please send your completed nominations to our Executive Officer, Brenda Frear at nzare.eo@gmail.com.

Nominations close at 12 noon on Monday the 25th November, but we would appreciate receiving them before this time to allow time to prepare materials for voting. Visit our website to view our people. Only members can vote at our AGM and stand for council.

2024 Conference update

NZARE Conference:

25 - 27

Our 2024 annual conference at the Hamilton campus of the University of Waikato is now only 5 weeks away! There is so much happening across the education sector and the NZARE conference is one of the best places to find out and connect with new and old friends and colleagues. This is shaping up to be another great conference, so please encourage your colleagues and people in your education networks to attend.

Call for books for our SPOTLIGHT ON PUBLICATIONS

One of our usual conference activities is a spotlight on publications. In this session we provide an opportunity for NZARE members to display their latest books. We usually only include books published since the previous conference. To be included in this session, we usually expect authors to make available copies of their books for the attending conference participants to look at. In this age of fewer books being published, if your book is only available as an e-version, you may instead provide a flyer with details for conference participants to peruse.

To be included in this session or to nominate a book authored or co-authored by an NZARE member, email: nzare.eo@gmail.com and copy to georgina.stewart@aut.ac.nz and robyn.caygill@education.govt.nz.

Thank you to our Sponsors

We are able to keep conference costs down due to the wonderful support of our sponsors and the hard work of our hosts.

Partner dinner ticket or dinner ticket for day members available now for \$100. [Click here to purchase.](#)

NZJES

Te Hautaka Mātai Mātauranga o Aotearoa New Zealand Journal of Educational Studies is NZARE's journal and the premier journal of academic research in Education based in Aotearoa New Zealand, published by Springer.

We encourage all our NZARE members to consider NZJES as a venue for their best research articles. It is the only New Zealand journal of education with metrics that count, and is currently riding high as a Q2 journal. With an agreement between Springer and CAUL (Council of Australasian University Libraries), articles by NZ based researchers are published open access, which greatly extends their readership, until the annual quota is reached.

Journal reviewing is an excellent way for postgraduate and doctoral students and early career researchers to develop their skills in writing journal articles and add to their academic CV. If you are interested in reviewing for NZJES, please visit our Editorial Manager website and create an account, if you don't already have one, or update your account to register yourself as a Reviewer. Include your areas of research interest and expertise. <https://www.editorialmanager.com/nzje/default2.aspx> Managing your account in Editorial Manager: Please do NOT create duplicate accounts because this causes messages to go astray, and do update your email address if it changes. It's a great idea to check your account every so often to make sure the details are current! If a duplicate account does occur you can use the Contact tab to write to the editorial office for help to merge your accounts.

NZARE 2024 Awards
